# Turn 2 Foundation, Inc.

During his rookie year in 1996, New York Yankees All-Star shortstop Derek Jeter established the Turn 2 Foundation while sharing a pizza with his father in a Detroit hotel room. The name "Turn 2" is symbolic of the dramatic double play made by infielders during a game. It also represents Jeter's wish to promote healthy lifestyles among young people and enable them to "Turn 2" his Foundation for guidance and much-needed help to avoid drugs and alcohol.

Since its launch in December 1996, the Turn 2 Foundation has awarded more than \$45 million to create and support programs and activities that help young people turn away from drug and alcohol abuse and reach their full potential and "Turn 2" healthy lifestyles. Its signature Jeter's Leaders initiative is a four-year leadership development program that fosters academic achievement, positive behavior and social change among high school students in New York City and West Michigan.
